Our regulatory registration is recorded on the website www.fca.org.uk.

Statement of demands and needs

This cover meets the demands and needs of customers who require:

ROADSIDE ASSISTANCE AND LOCAL RECOVERY COVER

If a customer's vehicle breaks down more than a mile from their home address, or place where the vehicle is normally kept the policy provides up to one hour's assistance in order to attempt to repair the vehicle at the roadside or if the vehicle cannot be repaired, the vehicle will be recovered to the nearest suitable garage.

NATIONWIDE RECOVERY / ONWARD TRAVEL COVER

In the event of a breakdown, where the vehicle cannot be repaired the same day, the policy will recover the vehicle, driver and up to 7 passengers to their home or original destination within the UK, or to a garage near either of these destinations or it provides a hire car up to 1600cc for up to 24 hours (maximum £100) or public transport to get them home or to their original destination or one overnight bed and breakfast accommodation (up to £150 per person and £500 in total).

MISFUELLING COVER

If the customer puts the wrong fuel in their vehicle, the policy provides for a specialist contractor to drain and flush the tank on site. It will also replenish the tank with 10 litres of fuel to get them going again. If the misfuelling has damaged the engine, the policy will arrange the recovery of the vehicle to a repairer for assessment of the damage and once repair costs have been agreed it will settle the repair bill up to £2,500.

HOMESTART ASSISTANCE COVER

If a customer breaks down at or within a mile of their home address or where the vehicle is normally kept, the policy provides up to one hour's assistance to repair the vehicle or if the vehicle cannot be repaired, it will be recovered to the nearest suitable garage.

LOST OR BROKEN KEYS AND LOCKS COVER

If a customer's key is lost or broken or their lock broken, the policy will organise to access the vehicle and attempt to start it, or at the customer's request and their cost, arrange for new keys to be cut or programmed or the broken lock repaired. If this is not possible, it will take the vehicle to a main dealership to facilitate. The policy will also contribute up to £100 towards the cost of repair or the replacement key or lock.
